

Bisnode Interact

www.bisnode-interact.com

At Bisnode Interact, we focus on Consumer Centricity by providing a broad range of best in class marketing Data Solutions, covering off line and digital channels and building on a core Data expertise with respect for local European specificities.

INTERACT with a great team

Our core capabilities across Europe are in Data integration, Hosting, Data Quality, Campaign Management, Business Intelligence and Digital Strategy. We support our clients in consolidating, improving, managing and analyzing all available data resulting in a true consumer centric view. Due to our expansion we are constantly looking for dynamic and motivated co-workers who dream of combining IT or Sales with Marketing.

INTERFACE with topclients IN EUROPE

As one of the only pan European specialists, we deliver large scale, multi country projects and ensure cross-border consumer insight tailored for multichannel interactions. Some of our clients are Procter & Gamble, Lu (Kraft), Renault and Kipling. Working at Bisnode Interact means developing your talents in an international environment where teamwork, expertise, efficiency and creativity are key.

INTELLIGENCE IN life

On top of an attractive salary and the classical benefits package, we are creative when it comes to extras. For instance, we provide free bus/train subscription, inhouse customized language courses, ironing services on site, tax consultant at disposal once a year,...

All of this because we are convinced that the strength of our company relies on the commitment of our co-workers. To us, an open mind, respect and the right balance between success and fun are equally important!
